I have been going to Gentle Touch for a while now (years) and seriously cannot rave enough about their staff. From the owner to the receptionist team, it is superior. Aside from the staff their, I enjoy going because I always leave feeling better than when I walked in. It's such a positive environment and self care I just cannot get anywhere else. Please do yourself a favor and just stop by and meet the team there. You won't regret it.

First time getting lip fillers and I was excited yet nervous because I did not know much about the process and was scared of getting a bad result. My technician Anna did an amazing job. She was so sweet and made me feel comfortable throughout the

injection process. Anna was very knowledgeable and that was showcased while she was talking to me about my treatment. I could not be happier with the results they were exactly what I wanted and I would go back and recommend her to my friends and family.

I began my weight loss journey in May. I did daily exercises, mostly walking a mile to 2 a day and I did weights with a trainer. In addition I ate healthy meals and used the Fitness Pal suggested to log my food to keep me accountable All combined efforts I lost the weight that was my targeting goal and I feel great, I look better, my clothes fit better. Went from size 10 to size 6. Best thing I have done for myself and self esteem / health. Thank you!

Facial was good but feel like I got stiffed because esthetician added some things without asking me and ended up having to pay double the price of what I expected to pay. Clients should always be told what is being added along with their price so it is not a surprise at the end. That is very unprofessional and disappointing. Have gotten many facials at numerous places and I am always told and ASKED what is being added on instead of just forcing it on me

I've been going to this amazing place for years and cannot say I've ever had a bad experience. Loreal the owner is patient and she listens to your concerns and makes sure that you are comfortable with whatever service you've decided to do. Her results are phenomenal Their facials are to die for, I highly recommend the hydra facial. The facilities are beautiful but not stuffy. You cannot go wrong here. I have recommended countless friends and family over the years and they are all fans.

Felt welcomed & valued. Magdalena listened to me as a whole patient, not just for the Botox, which I received a referral from my NY doc. She re-constituted the vial of Botox in front of me, bc I had some questions regarding the process. The reception had relayed that concern, and it was duly noted by Magdalena, my nurse practitioner.

The session was almost painless, and delivered with care & apparent preciseness. Her background informed her science & craft, as much as her personality made me feel welcome Thank you, SM

I felt like she listened to me and chatted with me as much as the procedure allowed. Everyone is so welcoming and incredibly kind. My NP continuously checked on me during a procedure that I didn't numb for that I guess most people do. There's not one nurse I wouldn't trust. I've seen them all and they are all knowledgeable and have your best interest at heart. This place is a safe haven.

I trust Gentle Touch so much that I drive down from Jacksonville for procedure .The entire experience was , as always, AMAZING!!! I am so impressed with the approach and care of handling clients and staff during the current Pandemic crisis. From checking in for your appointment to checking out everything is handled with the upmost care. This was my 2nd appointment during the pandemic. I complete confidence in the safe practices of Gentle Touch. As always JOY you are amazing. As a highly educated and experienced practitioner, Joy recommended the use of threads to lift slack skin at my lower jaw line (Jowls). Absolutely the correct procedure for that area in my case. I am amazed at the difference. 3 days later ...The results are exactly what I was hoping for. I anticipate even better results in the coming weeks as Collagen in the area increases. Thanks to all the ladies at GT for a consistently EXCEPTIONAL EXPERIENCE.

I can't say enough great things about Gentle Touch. From the minute you walk in, you are greeted by a lovely, caring, and professional staff in a beautiful and serene atmosphere. The aestheticians are unbelievably skilled, always listen attentively to my wishes and concerns, and address them perfectly. I began visiting Gentle Touch six years ago when I lived in Windermere and continue to see them even though I now live on the other side of town because they are the absolute best!

She is perfect in every way and I trust her completely with her recommendations on how to accomplish my skin care goals while still looking very natural. This spa is also very efficient. They are always ready for me at my appointed time which I love considering how long I have had to wait for the same treatment at other practices in the past. After you experience Gentle Touch I honestly think you will be a customer for life.

A lovely and safe place, always. The staff makes you feel genuinely beautiful. The Esthetician's and Nurse Practitioners are honest in their opinions and want what's best for you as an individual. The music has a great vibe and makes you want to stay a little longer with a glass of champagne. Can't wait for that to come back. Well done, Gentle Touch. You all are truly 5 stars and so much more.

Carolina is beautiful and an unbelievable lash tech who does an amazing job on my lashes and I love that they provide top Notch products on your lashes. I see Magdalena and she has been wonderful with understanding the look I am trying to achieve. I express to her my cultural beauty desires and she takes the time to listen, share her recommendations and ask my thoughts. During injections, it is painless and pleasant. So much so, I chat my way through the entire appointment. The next day, I am not sore or feel no pain. Just lovely and desired results. I also love the entire Gentle Touch team for always being so pleasant and making it a comfortable environment to be vulnerable and walk away beautiful. I've been with Gentle Touch for years. Love and highly recommend.

The looks and smells so good. The service is outstanding each and every time I am there. I am not surprised by them being number one spa in the area. Carolina is awesome she explained everything she was doing before the service began. She provided an outstanding job on my lashes. She also provided information on how I can strengthen my on lashes which I thought was so nice of her. I will be returning on a regular bases and I have lashes that has a natural look. She also takes her time and provides enjoyable conversation if you desire that which I do while relaxing in a warm comfortable chair. Everything is sanitised and new before use on each patient so you do have to worry and they are practicing social Distancing and everyone is wearing a mask.

Awesome!! I have been dealing with brown spots on my face for years that have been misdiagnosed by several professionals. I have tried many regimes to get rid of them to no success. Anna was so great. She did a test spot with the IPL laser on one of my brown spots and poof it started breaking up by the time I got home. We realized the spots were not what had been diagnosed for years. So thankful to finally get rid of these sun spots.

Came in for a Botox consultation and was expecting to pay a pretty penny. The Spa itself is so luxurious and beautiful! The nurse, Anna, did an AMAZING job and made me feel so comfortable. She was also extremely knowledgeable about anything I asked her. I ended up leaving with my Botox done, which I was not planning on but SO glad that I did. Everything is reasonably priced and they offer a new patient discount. I will never go anywhere else.

Your website marketing with Botox is a bit misleading. It advertised 100\$ gift card toward Botox but the actual fine print speaks to buying the card through the manufacturer's first. I take full responsibility in not reading the fine print but I think this is something that could be clarified when making appointments.

This was my first ever experience of laser hair removal. My first sitting was good. Joy who did the last hair removal for me is a wonderful person. She explained me everything properly. Only thing I would like is more use of small wand in more affected areas in the following sittings. Front office messed up on the billing part but hopefully they will update their system with the correct details. Overall it's a great place. Love it!

I loved every minute of my massage!!! It was absolutely perfect. My shoulders and back were really bothering me, but not my legs. My massage therapist asked if I wanted her to focus on my upper body instead of a full body massage. I had never been asked that before and it was great! She worked for the full 60 minutes, getting rid of all my knots. I could feel the stress just melt away. It was amazing. Afterwards, I had a shot to help kick start my weight loss journey. The technician was friendly and professional and the whole thing took maybe 15 seconds. Quick and painless, and we chatted about when I should come back. My next appointment is in a week and I am looking forward to it. I'll also be coming back for all my massages from here on out. It was so relaxing! Loved every minute of it.

I had a wonderful experience from the moment I booked my appointment to the moment I walked out after my procedure. I did the cynosure laser to hopefully get rid of my pitted scars. Every lady I encountered as well as Ana who performed the laser on me was exceptional. Ana was very understanding of me suffering from vertigo and made the proper adjustments for me to feel comfortable. Only one thing I would change is maybe to have some post laser kits for clients to take home with them. At previous locations when I did chemical peels or microneedling, I received take home kits with the proper cleansers, spf and moisturizers to last through my healing process. I look forward to positive results and look forward to going back to Ana for my next treatment a month from now.

While everyone appears polite the genuine friendliness aspect is lacking. I did not feel comfortable. I explained to the lady that did my facial that my skin is very sensitive before we started. She seemed unconcerned just wanting to get it done was the feeling she conveyed. At the end my face was burning, itchy and quite red was her description. She sent me away and said if it did not calm down call and she would give me silver creme. I went home and washed my face with my products and it did calm down after an hour luckily since I am allergic to the sulfa in silver creme and that could have added more issues. I have not had this issue at other places with facials. While I did like the softness and smoothness of my face later that day I noticed my pores not really cleaned better than when I went in. Overall discouraging since my goal was to find a friendly place near my home and work to get services.

The special for the hydra facial was very good and a great experience. As I was checking out, I felt pressured to purchase future treatments, packages, etc... Although your spa is very nice, it is very expensive. I would not purchase a future package for this reason. I received a spot laser treatment in the past for a small facial scar at \$80 with poor results. After 4 treatments, I learned that I could go a short distance to Couture Spa for the same treatment but for my entire face at a fraction of the cost. I will consider returning for future promotions only.

My experience was great. Magdalena was very professional and knows her products and skin types. So far, so good! I am currently taking a prescription for inflammation after surgery. She explained the effects of that medication on a procedure that I was interested in and we tabled it until after that medication is out of my body. She was not in it for the money for sure. It was about my best experience and what was best for me.

I went to get a massage and facial. The massage was fine for being an introductory massage. The facial, even though I got a few extra add-ons was short and to my opinion over priced compared to other places I have been to. She did not share prices with me at the time so I was surprised at the end. Shame on me for not asking. The place was nice though.

The waiting area is separate from the lobby, which was wonderful. Stocked with snacks, water and coffee/tea. I felt very comfortable as Amanda and I discussed my expectations and how we were going to get there. In all things you get what you pay for and when it comes to health and beauty, I have learned to realize this after experiences at other so called spa/estheticians salons. Feeling refreshed and looking refreshed! Goal achieved!

All I can say is WOW! Why would you go anywhere else??? So happy and pleased with every service I have ever had. All of the staff are knowledgeable, professional and most of all make you feel welcomed. Always listen to my concerns and never try it over sell me. I had the NovaLift procedure performed and I am already seeing results. It has only been a week but I can see a difference. I can't wait for future results. Thank you for helping me to achieve the natural look I was going for and for helping me to allow my inner beauty shine. I love Gentle Touch

I don't know why I didn't know of this spa earlier. Upon entry, it is very calming, clean, and the front desk staff were very welcoming. The sitting area to wait for services was very relaxing and it was quiet in every room. It gives me confidence to know that my clinician is an RN. She took time with me to answer my questions, for my consult, and I was pleased that I could start my tattoo removal immediately after. The staff had applied numbing cream in advance so I didn't have to wait longer. There was essentially no waiting. Everyone was prompt and helpful and kind. I purchased a package plan because I know I will be back. There are plenty of services offered at reasonable prices, so I bought a gift card for my daughter as well. I'm impressed. Will be spreading the word.

It was awesome. Catalina did my facial and I loved it. About a month ago I bought the eye lash formula and my eyes were burning and drying up. I told them I used it for 2 weeks and had all these issues with it. I took it back for a credit and was told no refunds are authorized because it's a prescription ? I didn't understand it. I was never told that in the beginning? I have a dermatologist that I go to and bought the eye lash formula from them and I like it. I was giving Gentr touch a try because I know the owner and staff and they are wonderful people. I just felt I was taken advantage of and felt they should have taken it back and reported to the supplier. They need to communicate when selling there product. I love the place and will continue going, however will think twice or ask questions before purchasing anything.

Yesterday was my first time at Gentle touch & all I can say is WOW!!!! From the time I called to make a appointment to the time I left it was nothing but a 5 star review. The spa was nice & relaxing. Very clean & Magdalena was very helpful & professional on letting me know everything about my first round of Botox. I woke up this morning with no bruising, no bumps & I'm a happy girl! I already made a app for a facial next week!!! I can't wait to go back. If your looking for a great experience try this place. You won't be disappointed. Xo

From start to finish Jennifer explained everything to me, she went over the costs for items, she gave her professional opinion and I did not feel like she was trying to sell me products I did not need. Even when I bought an item that she recommended and then came back and returned it, she listened to my concerns, and came up with an alternate solution. The treatments are pricy. I did not expect to spend so much each visit, the first one being my most inexpensive visit. The "deals" and promotions are not much, definitely saving up for another visit because the customer service and attention is amazing. I trust the ladies that work here, but it is not for a strict budget.

This was my 3rd massage at Gentle Touch. I have to say that it will most likely be my last. There were unsatisfactory issues everytime. The most recent experience was a real let down. I was scheduled for a 90 minute Swedish, which started promptly at my appointment time, but ended after only 80 minutes with a barely warm towel wiping my back. I was dressed, cashed out, and in my car with several minutes remaining of the 90 I had paid for. The staff here is very kind but better experiences are out there.

Most rushed facial I have ever had. No mask done No steam done Total time about 35 minutes max I arrived at 3:04 pm for a 3pm facial, I used the restroom, changed and she was done with the facial by 3:35 or 3:40 I booked the deep pore cleansing as I need extractions. First thing she did was look at my skin and say let's do a micro peel, I told her I was going to the beach and want a facial today not a Peel she said it doesn't matter if I will wear and hat and sunscreen, I disagree. Then at the very end when I was shocked it was done so quickly she said I did the hydrating facial instead as the deep pore would have been too drying. That is fine but I should have been told that what she was doing would cost more than what I booked. Found out when I paid that I was charged \$85 for facial plus \$15 for extractions, I have no problem paying for a service but not without being told before and not for a service listed as 60 minutes which was done in half the time. Overall a very unsatisfactory experience this time around, which is too bad because the last times had been very good which is why I booked. But this one was bad enough that I will not return.

I am so disappointed! I have been getting filler (juevederm specifically) for over 4 years and love the results! I found Gental touch closer to my home so thought I would try a new place. The receptionist staff was very friendly and got me in on a cancellation the very next day! I explained the area of concern that I normally get done (marionette lines) with juvederm. The nurse told me about radiesse. It would be able to provide lifts to the cheeks and help the mouth area I was concerned about. I was so excited! I have waited 2 weeks to write the review because I know sometimes it takes time to work. I honestly do not see much difference at all and especially the areas I really wanted done! I spent over a hundred dollars more for this product than I normally do. Everyone was very nice and friendly I'm just so disappointed I spent all this money with not good results! I will go back to Juvederm and my previous doctors office.

I feel uncomfortable going out because of the bumps around my lips. I will wait and see how this lol in the next couple of days. last time we scheduled a follow up appointment, this time I was not asked to come back.

I called on Friday because I realized I had not received an appointment reminder. The lady I spoke with told me it was because I was scheduled for April 22nd. I explained, "i scheduled for the 15th." She placed me in hold and then told me she had a 12:30 for the 15th and to arrive by 12:15. I arrived at 12:11 and the receptionist said, " you're appointment was at 12:00." I went forward with the service. To top it off, I felt rushed through by technician and she acted as if It was burdensome to do my service.

Love this place, but dislike the constant upselling that occurs whenever I go in. You should buy this, you should get that, you should buy a more expensive treatment. I booked the treatment I wanted and could afford; I don't think I should have to stand in a room with someone and keep explaining that I can't afford the price points they're trying to push on me, and then feel like it's a tense atmosphere from all the negativity. Again, the services they provide are pretty good, and the people seem nice enough.

This is my second review of Gentle Touch. My first was for the Nefertiti neck lift, which I love. This one is for tear duct filler with Volbella and Latisse for my eyebrows and lashes. My sunken eyes are gone and I use less make up for dark circles!! So happy with my results. Lorriel is wonderful. She explains everything and did a wonderful job. No bruising. I have used Latisse for a couple of weeks on my brows which are missing on the outer half and my lashes. Starting to see some growth. I look like myself again! Thank you so much!!

My first visit there. Very beautiful decor. Relaxing, inviting, peaceful. Complementary wine or cider mimosa, fruit, and nut bars in the waiting area. So the most important thing, the procedures. I have been one other place and have paid almost 3 times what I paid here and the results I experienced were far more precise. No one tried to push products on me or advise me to get more injections. I was lucky enough to make an appointment with Lorriel. She was honest, professional, and absolutely amazing. She just got a lifetime client.

I wanted a nefertiti neck lift with botox and couldn't find anywhere to go close to me. I looked it up online and found Gentle Touch Medispa. I was so excited and happy to find a beautiful facility. Everyone is very nice and helpful. Lorriel answered my questions and explained everything. I am very happy so far with my result. I have very strong neck bands and they have softened a lot. I might have to have a small additional amount to finish it when I go back for my check up. Also having tear trough done there. So happy I went!,

Ive visited several well known dermatologist,spas for Botox & facial fillers. Every one of them focused on the up-sale & not your final appearance. Lorriel is the complete opposite, always suggesting a natural look & very honest in her opinions. The results are you leaving looking refreshed, & not the over plumped,round cheeks-Botoxed look that seems so prevalent in this area. I can't imagine trusting anyone but her, & her staff.

I was a bit disappointed in my Voluma procedure. I had asked for Juvaderm but was told Voluma is the higher price point (in the juvaderm family) I needed for effect I was looking for. I am very sore in the area of the injection and don't really think it did much to pull up my "marionette" lines. I am not sure what the right answer is, but for the money I was hoping for a better result. I think I will stick with simple botox in the forehead only.

Lori is incredibly talented. She was born to do this. Her pleasant personality is the cherry on the top! The spa decor and ambiance are inviting, relaxing and luxurious. As soon as you come in you're warmly greeted and offered something to drink. Next time I'll go for the mimosas!!! Then you're invited to step into their calming and cozy waiting room before your treatment. This room is not the waiting room by the front desk. This room is a different room. It's designed to make you feel that you're truly treating yourself to something very special. All your worries melt, you're just grateful that you're alive and well and about to feel more appreciation for yourself. Then Lori comes in with her beautiful smile and treat you with the utmost individuality. You're not just another client. She designs her plan for you based on your wishes and expectations. Of course, this is contingent on that you're aligned with what makes sense, looks natural and brings out the best in you. And that's when Lori's talent and professionalism come to play, to guide you to the best YOU possible!!! Being there is such a natural high that when you finish all you can think of is when you'll be there next.

My facial with Jennifer was wonderful! She is very good at her craft. Thorough, and detailed oriented. Jennifer spent a good bit of time massaging my neck area, which was tense, and I feel much more relaxed because of it. I'm requesting Jennifer for all my facials! A+.

I love just going there sometimes just to relax in the tranquillity room and enjoy a cup of coffee just to say hello to all of the girls. Such a wonderful team you have there! Every visit and every service is exceptional! Thank you Gentle Touch for making me feel so confident! Great place in our community! I tell everyone!!!!

I had a very bad blister reaction after having laser tattoo removal. They said that it was normal and the person who did the treatment will call me when she gets back to the office, 3 days later I'm still waiting for a call. There is no emergency line or any assistance after hours, I ended up in the ER the night after the treatment and I'm still waiting for a call

The service was personal, friendly and I would take another trip to Orlando again just for the experience that I had here the first time visiting for the same services. See you in the spring! Loriel is amazing. :) I have never met anyone so kind and talented at what they do! She keeps my face looking 'real' - but more rested. She is very trustworthy. I then decided that it was time for me to really take my skin treatment up a level with facials by Jennifer. This last facial I tried was a restorative/anti aging and she added the microderm to the treatment since I am so dehydrated. WOW! I highly recommend it. Jennifer also adds a shoulder massage and you just melt away into relaxation.

I have never had filler before. I met 3 of the staff; all were helpful, knowledgeable, and cheerful. My appointment with Lorriel started on time, finished on time, and I did not feel rushed. She told me everything she was going to do before she did it. She was funny, calm, and gentle. Her skill and knowledge far exceed her degrees and certifications. Gentle Touch has set the bar high. -Kathleen

She also sold me a product she represented was a moisturizer to try in lieu of my current one which is creme de la copper. After returning home I realized that the product is not a moisturizer and I spent 165.00 on a product that I really didnt need since I was in need of a moisturizer. I might try other proc

I came in for laser hair removal and wanted to also discuss Botox, a procedure I had not done before. Magdalena was extremely helpful and took time to educate me on the product. So much so, that I had my first treatment yesterday and that was specifically due to the confidence I had in Magdalena. Great experience and I highly recommend Gentle Touch MediSpa!!

Lorriel is the only person I trust with my face! Not only is she extremely knowledgable and skilled, she is also honest...even if what would be better for you is far less expensive. One thing I really appreciate about her is that she doesn't point out all (or any) of your flaws like so many other aestheticians do. I really love Gentle Touch's ambience and their staff. They are very professional and very accommodating.

The waiting room and whole atmosphere was exactly what I expected for a relaxing quiet spa. I absolutely recommend making an appointment today

I went to Gentle Touch to see if I could get treatment of a scar on my face. I am an African American and have been told by other places that it would not work on my skin, but Lorriel was willing to take a look and give it a try and I must say I am absolutely elated with the results! I cannot wait to return for my next session in 6 weeks. Let me also add I used to work at a very high end salon/spa in NYC and the staff and the atmosphere at Gentle Touch is top notch and I highly recommend them, you will not be disappointed.

Upon entering Gentle Touch you immediately become calm and relaxed. The scent in the air, the beautiful decor, and the sounds throughout the spa contribute to the wonderful experience. The front desk staff are always welcoming and friendly. Every employee I've encountered there I always has a smile on their face and wanting to help. I've never had to wait past my appointment time. I always look forward to my time here.

Everything I have had done here has been excellent and thoroughly explained to me. The staff and especially Lorriel are very attentive, listen, and recommend what is appropriate for me. Lorriel is very concerned about making sure you understand everything involved and that you are comfortable during any procedure. I would highly recommend anyone wanting to feel better about themselves to use the services available here at Gentle Touch. Awesome experience!

The knowledge, experience and expertise of Lorelei was outstanding. I couldn't be happier with the treatments I received and I will be coming back for life! Gentle Touch is by far the best Day Spa that I have ever been to! I go there for several treatments (Facials, Botox and Voluma). Hope is exceptional in her facials and the minute that I walk in the door, I am welcomed with open arms. I recently tried the new filler Voluma and I am hooked. Lorriel does such a good job, and it always looks natural. That (by far) is the best product (along with Botox of course) that is on the market! I wouldn't trust my face to anyone else! As always Lorriel and staff were friendly and cordial. Provided excellent service. They really try to live up to the name Gentle Touch. Lorriel's hands are so gentle. Didn't even feel anything during the procedure. Haven't bruised either. Could not have found a better place. Thank you.

Catalina was completing wonderful. She listened to all my concerns and made recommendations for me to consider as we went. We made a very nice plan for my visit and future visits. The thing I value most about this business is that each time I've gone there they listen to what my concerns are. Excellent establishment.

This was my first visit to Gentle Touch and I was more than pleased with the entire experience. The front desk was very quick to get me checked in and escorted me to as very relaxing room for teas, coffee, water etc. Within minutes I was back getting my treatment. She explained everything to me in easy to understand terms, was very happy, friendly, professional and personal. I will be going back for sure. Best kept secret in this area.... but this is not a secret I'm going to keep quiet!

First experience with microdermabrasion. My skin felt wonderful afterwards. I have very sensitive skin so I was worried about peeling or breakouts but that was not the case. I was very relaxed during the whole procedure. The office is very well decorated and the ambiance immediately helps you begin to relax.

I scheduled my appointment, went there, the facialist wasn't it, I waited for 10", a lady came in, sat down in the waiting area as well, 5" later the facialist came in and took the lady who came after me first - that lady was a salesperson-. I left, feel they were extremely unprofessional, disrespectful of my time, my appointment, won't ever go back.

I am very pleased with the professional Service as well as the kindness and sweetness of all the ladies working with Laurie. It feels like being part of the family. I tried the fractional laser for my face and neck area , where I also had a not so well healed scar from a thyroid surgery. I must admit that the appearance of my overall facial/neck skin and the scar itself has improved considerably. I also had laser hair removal done, which is difficult task, as the trick is to catch the growing cycles. I had started a few treatments overseas and then Laurie took over and gave me a few sessions, hoping to be hair free by now. This is not the case unfortunately, maybe it is just because of the fact that we couldn't catch the right growing cycle and I can't blame anyone for this. I guess I will have to live with it. I will definitely recommend Gentle Touch to my friends.

Went to see Lorriel for a consultation with my mother, came out wrinkle free. Lorriel was great and never pushed for a sale, never suggested things I didn't need, and was very thorough and kind. I had wanted to get Botox for a long time but didn't trust anyone with the bare minimum background for injecting it. Lorriel was a nurse practitioner and has a thorough understanding of how the body works, and the muscles to inject. Pricing is very fair without being over priced, and it's certainly worth every penny! 5 stars and I know I'll be back with my mother again and bring friends next time!

I was nervous about going to a Med Spa for fear of being talked into procedures I was not ready for. The staff at Gentle Touch is awesome; welcoming and knowledgeable, but not at all "pushy" about their services. Dana listened to my history and showed me the Jane Iredale makeup line, taking the time to consult about what products would work best. I had a meeting to attend following my visit and received several unexpected comments such as: "You look great", "did you lose weight" and "you have such wonderful skin". Amazingly no specific comments about my "makeup" which confirmed to me that it looked natural. Hopefully, there will be no reaction as I can't wait to use these products consistently. I am also looking forward to my very first facial next week. Thanks so much for your wonderful customer service and making me feel so comfortable. Jane

I have nothing but great things to say about Lorriel and her team. I first saw an ad at the Y and saw Lorriel was an advanced practice nurse like myself. When I entered her spa I thought it was so beautiful and Laura was so warm and inviting. I felt very relaxed & comfortable. Lorriel spoke to me about Botox and educated me on reasons for injections in different areas & how filler works. I had Botox to my forehead for a very, very deep frown line and filler there and in my cheek folds. What a difference! I couldn't believe my eyes and as the days past it got better and better. She numbed my face & although bruising is a possibility I had none!!! I then started getting facials & chem peels with Dana. They both are so gentle. I've had extractions before that brought me to tears! Not with Dana. I truly love these girls and have sent many friends from work who have had an equally great experience!

The clinic and Clinicians are excellent to work with. They are very knowledgeable and very gentle!The surroundings are very peaceful and spa like. Its a pleasure being there.....and I always look so much better on the way out!!
